FREE ONLINE RESCOURCES FOR EDITING THE ORIGINAL IMAGES

Use these free online tools to put new quotes onto the blank image .jpg files. You can use google to find new inspirational quotes. Remember, you MUST put the name of the person who coined the quote on the image too, if it is known. Also remember, if you are going to start editing other images you find on the net, make sure that they are creative commons, public license images. Otherwise you are liable to get into trouble with the law. Have fun editing, and coming up with new ideas.
